*RECOVERY AND RENEWAL
THROUGH
SOBER LIVING, WORK,
MENTORING, SUPPORT &
COMMITMENT*

- **Residential Substance Abuse Recovery Program**
- **Workforce Readiness**
- **Vocational Training**
- **Job Training**
- **Peer Mentoring**
- **Counseling**

CATS PLUS was established by Community Assessment & Treatment Services, Inc. (CATS) in 2007, and exists as a 12-month Sober-Living Home for Men Committed to Recovery, Dedicated to Sobriety, and Focused on Responsibility to Self, Family and Community. CATS PLUS allows individuals to gain employment skills and education, while living in safe, drug-free housing, and remaining a part of a community that is continuing to practice abstinence

CATS PLUS is staffed by counselors and case managers, and follows the process of a self-governing Therapeutic Community (TC), where sober living, positive reinforcement, structured time, fellowship and mentoring offer strength and hope.

CATS PLUS is designed to motivate and engage an increasing number of addicted offenders in an extended program integrating treatment, job training, safe and drug free housing, supportive services and employment with the bulk of funding for the program provided by client work experience earnings. CATS PLUS is funded through earned income ventures, provided by local agencies and companies, including the Cleveland Housing Network, Slavic Village Development Corporation, A Piece of Cleveland, Ritsco Home Insulation, C & C Roofing, Three Men Painting, Weed & Seed, and private individuals.

CATS PLUS exists to provide housing and employment opportunities for CATS graduates and other referred individuals with continuing care treatment. Continuing the Therapeutic Community model, CATS PLUS allows individuals to gain employment skills and education, while living in safe, drug and alcohol-free housing, and remaining a part of a community that practices abstinence.

CATS PLUS provides the following Programs & Services:

- **Sober Housing**
